

HOW TO DEAL WITH POISONOUS GASES?

What's this?

This is smog outside the window which is caused by toxic air pollutants

Actually, we will see irreversible sequences of it in a few years.

So what can we do?

Household combustion devices, motor vehicles, industrial facilities and forest fires are common sources of air pollution.

The humanity needs to start :

1. Using public transport more often
2. Reducing forest fires and smoking
3. Avoid using of products with chemicals
